A Fair Dinkum Read

Dairy News Australia, arguably Australia's most popular dairy publication, is a chatty and informative publication delivering expertise, advice, and industry news to both the salt-of-the-earth and modern-day dairy farmers across Australia. Featuring real life stories, *Dairy News Australia* brings farmers and industry stakeholders together the Australian way, by being fair dinkum.

PUBLISHING EXPERTISE

McPherson Media Group, a family owned company for more than 100 years, based in the heart of Northern Victoria's Dairy Region, are experts in connecting advertisers with customers on the land, today, through multiple platforms.

TARGETED DISTRIBUTION

Dairy News Australia is personally addressed and direct mailed, via Australia Post, to every dairy farmer who pays a levy, industry bodies and stakeholders. The niche audience distribution achieves personal, cost effective and high engagement outcomes for advertisers.

NEW CONTENT

Every second edition of *Dairy News Australia* will include content dedicated to the specific Regional Dairy markets of Victoria – Murray Region, Gippsland Region, and South West Victoria (new). The content is a result of the integration of *Dairy Direct Magazine* (Gippsland and Murray editions). This content is hyper local to the region and each edition of *Dairy News Australia* with the regional content is only distributed to dairy farmers within the relevant region.

STRATEGIC PLACEMENT

In every edition, *Dairy News Australia* provides dairy farmers with specialist content relevant to dairy farming on a day to day basis. Place your product or service within, the specialist content to maximise your engagement.

- Animal Health
- Machinery
- Management
- Markets

DIGITAL AUDIENCE

In addition to the print publication, *Dairy News Australia* has a dedicated website, Facebook page and Twitter profile. A new website is in the making and *Dairy News Australia* will be available free in the App Store and Google Play from July 2017. We look forward to bringing you some innovative digital opportunities in the near future.
